### **DETAILED ACTION**

1. Applicant's amendment after final was received on 09-20-2010. Claims 1-12 are pending. Claim 13 was cancelled.

2. The text of those sections of 35 U.S. Code not included in this action can be found in the previous Office Action dated 07-20-2010.

### ***Claim Rejections - 35 USC § 102***

3. The claim rejections under 35 U.S.C. 102(b) as being anticipated by Jannick et al. (US Pat. No. 6,157,545) on claims 1-12 is withdrawn because the claim has been amended.

### ***Allowable Subject Matter***

4. Claims 1-12 are allowed. The following is a statement of reasons for the indication of allowable subject matter:

Independent claims 1 and 11 recite a battery holder for an electronic device with guiding elements on a side that is not the outer surface configured to receive at least on exchangeable battery when sliding the exchangeable battery along the battery holder.

The closest prior art of record, Jannick et al. (US Pat. No. 6,157,545) recite a detachable cover with guiding elements to receive a battery. Jannick et al. does not teach or fairly suggest that the guiding elements not on the outer surface are configured to receive the exchangeable battery when sliding the battery along the holder.

Art Unit: 1795

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
